TOR: Spice Up Your Life

SEXY GOURMET FOOD COMPANY
FRIDAY, AUG 14, 2009

We've always known that cooking can be sexy (hello, [Jamie Oliver](#) and [Rocco DiSpirito](#)). But we've never figured out why our recipes always turn out to be more fizzle than sizzle...

Where in our romantic life we would enlist the help of a great black dress (and maybe a push up bra), in the kitchen we've turned to [Sexy Spices](#) by the [Sexy Gourmet Food Company](#).

Each of the seven gourmet spice blends includes a mixture of evaporated sea salt and herbs ground to perfection. We just choose from [Original](#), [Greek](#), [Italian](#), [Indian](#), [Chipotle](#), [PiriPiri](#), [5 Spice](#) or [Steak](#) (\$4.99 for one, \$14.99 for a three pack and \$29.99 for all seven) and we're set. No need to add anything else to the mix, just sprinkle to taste and expect some seriously sexy results.

We began with some recipe inspiration from the company's website. Adding a dash of the [PiriPiri](#) blend lends a colourful tang to regular [French Fries](#). And a peppering of the [Italian](#) mix ratchets up our [Meatballs](#) into a truly gourmand affair. Now we're adding them to all our dishes - from hamburgers to hummus - for failsafe flavour in a (literal) pinch.

Now, if they could just find a way to bottle up Jamie Kennedy...
